

SCRIPTURE of the DAY

Isaiah 5: 1-7
Psalm 79: 9, 12-16, 19-20
Philippians 4: 6-9
Matthew 21: 33-44

"I like to think that even those who are most frail, limited and troubled can be missionaries in their own way, for goodness can always be shared, even if it exists alongside many limitations."

Pope Francis
Christus Vivit (2019), No. 239.

INTERNAL CIRCULATION ONLY
BUL 40/2026

1 Total Conversion: Internal and External

In his Internal Conversion, he chose humility and peace of Christ instead of worldly happenings.

In his External Conversion, he chose poverty (Lady Poverty) which is not a private or hidden matter. He was living amongst the poorest that exists.

2 Reaching to the Needs

With the pathway that St Francis chose, his is in-line with FD#145 "Sharing responsibilities for mission by reaching out to the peripheries and those of special needs." Who were they for St Francis ?

The Lepers: The society of the Lepers because they were his brothers and sisters and it was his primary place of ministry.

The Forgotten: St Francis met broken people, offered dignity to those rejected by society and most of all, recognising the face of Christ in the poor.

3 Rebuilding

"Go and rebuild my church which you see is falling into ruins" is not only a physical action to be done by St Francis but goes deeper than that and that is to rebuild the community of the faithful. His mission is to rebuild, revitalised the Church (the Faithful) from ground up through authentic and joyful community living.

What is our Commitment?

Being Synodal, our active participation is a priority. This will challenge us to look at ourselves and ask :

- Christ is calling me to experience an internal conversion. Would I be a missionary disciple to move forward ?
- Since I am a disciple on behalf of Christ, would I be able to identify community who are struggling internally? ❖

WALKING TOGETHER TOWARDS A SYNODAL AND PROPHETIC CHURCH

A People for Missionary Discipleship

MONTHLY FOCUS: **CHURCH: Being Missionary Disciples**

Embracing Synodality Through the Example of *St. Francis of Assisi*

The whole idea of Synodality has begun since the time of Jesus. It is a profound move of what it means to follow Christ, both in His era and for us today. St Francis of Assisi was one of those.

Missionary Discipleship is all about personal conversion and then reaching out. For St Francis, he had a radical change of mind and heart.

The Archdiocesan Mental Health Ministry's (AMHM) annual World Mental Health Day event is returning; and this year, we are collaborating with the Malaysia Mind-Body Medical Practitioners Association (MBMPA) to carry out this year's instalment under the theme "Care for Caregivers". This year, the focus is towards the needs of the caregiver, who are often overlooked in the dynamic. The caregiver not only consists of those who do it professionally but to everyone who provides care to someone, whether they may be a mother, a father, a child to their parents, a spouse, or even a guardian. All caregivers will go through their struggles oftentimes masked by their responsibilities to look after their loved ones. Therefore, in this year's World Mental Health Day, we aim to have their voices heard and to equip them with the necessary skills and strategies to carry forward with their compassion-bound duties. Kindly register at the book barrow after all Masses.

The details of the event are as follows:

Reflection on the lives of Sts. Louis and Zelig Martin

In the ordinariness of life with all that is happening in the world today and within the family - how can one be called to be holy. Well, things were not much different in the days of Saints Louis and Zelig Martin. They had 9 children (4 died young), worked long hours, went against the prevailing anti - religious culture and lived with one of them having had a terminal disease. Yet, they did just that and more in the very ordinariness of their lives. Come and listen to the talk and see how their ordinary saintly lives speak to us today:-
